Call for Grant Applications

ORANGE SCHOOLS FOUNDATION'S 2016-2017 INNOVATIVE GRANT SUBMISSION IS OPEN

We are currently seeking submissions for grants that support new ideas, projects and programs that the foundation might be able to help fund and make a reality for our students, faculty and schools.

The goal of the foundation is to provide funds needed to assist in developing exciting and innovative programs or projects that enhance curricular and extracurricular opportunities for students and faculty. We underwrite grants up to \$5,000 for initiatives that inspire creativity and exploration among our student-base and would not otherwise be covered by the school's budget.

Grant Application Process

1. Access the application from your orangescd account at www.orangeschoolsfoundation.org > go to the Grants & Funds tab.
2. Make a copy of the application and complete the requested information.
3. In Google docs, share the document with the appropriate grant committee representative(s) *and* your principal/director *and* Jennette Kane if the grant involves technology.
4. You will receive feedback on your submission no later than October 23, 2017 (fall submission).

Deadlines

Fall: September 30, 2016 | Spring: February 15, 2017

Do you have ideas for programs, projects or initiatives that will inspire our staff and help students and the district stay competitive?

Orange Schools Foundation wants to help you turn your ideas into action.
